

DEMOLITION, LAND CLEARING & CONSTRUCTION WASTE

WHAT'S IN YOUR LOAD?

Let's put waste in its proper place & work together to further waste diversion opportunities in the Regional District.

Demolition, Land Clearing & Construction Waste

A **mixed load** of any materials on this card. Source separating these materials before disposal is encouraged!

Asphalt

Petroleum by-product, mixed with gravel or crushed rock, used for paving roads & parking areas.

Asphalt Shingles

Roofing shingles made from petroleum by-product, not including wrap or torch on membrane.

Stumps & Large Branches

Tree stumps free of soil, shrub & tree branches larger than 75mm in diameter.

Clean Wood Waste

Untreated or unpainted wood waste typically from construction or demolition projects. Small amounts of metal (nails & screws) are acceptable.

Painted & Treated Wood

Wood typically from construction or demolition that is painted, treated with preservatives, or contains adhesives or fillers. No tile, gypsum, glue, carpet, dirt or soil or non-wood materials are attached.

✓ Gypsum Board or Wallboard

Construction scraps, painted wallboard and/or covered in wallpaper, vinyl, or ceramic tile, but not containing asbestos. Also known as drywall.

✓ Concrete

Hardened mixture of cement with sand, gravel and/or rebar. Rebar protruding from cement should not be longer than 1ft.

✓ Masonry & Rubble

Loose mass of gravel, bricks, or crushed rock.

✓ Clean Soil

Soil, sediment or fill material without contaminants, refuse or large rocks.

✓ Scrap Metal

Sheet metal, siding, roofing, rebar, flashing, pipes, window frames, doors, furnaces, bathtubs, fencing, bicycles, but not where metal is less than 50% of the product weight & cannot be easily separated from non-metallic components (e.g. a couch).

FEEES \$90 per tonne at scaled facilities for all categories except:

- Concrete - **\$107.20** per tonne
- Clean Soil & small loads of Scrap Metal - **No Charge**

*Double charges may apply to mixed loads. All fees subject to change.
